# STIEGL-PARACELSUSSTUBE Restaurant

From fresh, regional ingredients we offer typical Austrian specialties in our PARACELSUSSTUBE; above all, our redwhite-red beer specialities that harmonise perfectly with the classics of local cuisine.

Our beer sommeliers will be happy to recommend the right beer accompaniment for your choice of food.

#### Brewers & Farmers

Farmers from the Weinviertel and Mühlviertel regions provide us with the ingredients for our beers: sustainable brewing barley and the finest hops The nearby Untersberg mountain massif "filters" the best brewing water for us in a natural way. For our Wildshut beers, we even grow the original grain in our own organic farm in Wildshut ourselves and malt it on site. Some noble ingredients for our kitchen classics also originate from our beer estate in Wildshut. We cook what nature and the current season provide. As foodstuff is precious "stuff" to us,

we process the whole animal "from the nose to the tail".

All products that originate from our own estate have been provided with our Wildshut stamp.

The spicy herbs are grown in the brewery's own Stiegl Garden.

We wish you a good appetite & say CHEERS!

#### **New Style Season Barrel Barrel Aged (2021)**

The bright gold envelops itself with slightly opalescent veils. Complex sweet wine tones interweave with a hint of brittle and anise to a very colorful carpet of f lavors away from the typical strong beers, weighty malt aromas. The majestic bodies with semi-dry Embossing shows peppered with a Riesling-like acidity on the palate two Sides of a coin. Characteristic manifests itself in the alcoholic and persistent reverberation a gentle Pepper note.

#### Faux Pas Apricot (2019)

Wonderfully finely bubbling, this rarity pours into the glass. Below the slightly tinted foam, amber shimmers with orange reflections. This elegant beer plays with the fruity scents of apricot, delicate apple and wood nuances. Extremely refreshing at the first sip, the beverage then becomes more direct – a lively zing combines with cheeky acidity, which may even conjure up red cheeks in the drinker's face. Just like the sun-ripened apricots, which swing through the finish with the multi-layered ripening aromas of barrel maturation.

Wildshut is exactly as we imagine heaven: a beer garden of Eden.

Since time immemorial, there have been places that have a special effect on us. Where Salzburg, Upper Austria and Bavaria come together, we feel like we are in heaven – inspired, balanced and simply happy. And if there is also beer, this place becomes paradise. The Stiegl-Gut Wildshut, the first and only beer estate in Austria, is just such a place! In our organic agriculture, we cultivate ancient grains, which we are the only brewery to malt and roast ourselves. The result is unique ingredients for our Wildshut beers, which we brew traditionally by hand and according to traditional processes. In the end, we give our beers the necessary time to mature. The fact that we have the "courage to slow down" is confirmed not only by the unique taste of our beers, but also by our "Slow Brewing" quality seal.
